

ROCKY FLATS ENVIRONMENTAL TECHNOLOGY SITE  
REGULATORY CONTACT RECORD

---

Date: August 30, 2000 1:35 pm

Site Contact(s): Annette Primrose

Regulatory Contact: Carl Spreng

Extension: (303) 692-3358

Agency: CDPHE

---

**Purpose of contact:** Review of preliminary responses to Broomfield and Westminster comments on the OU1 CAD/ROD modification.

**Discussion:** Carl Spreng called and said that he had reviewed the preliminary responses to comments from Westminster and Broomfield. He stated that he had no issues with the responses in regards to removal of the French Drain and said that it was ok to proceed. He will meet with Elizabeth Pottorff later on today at the Stakeholders meeting and verify that she also does not have issues with the French Drain removal. He understands that the Collection Well/Modified Remedy issues will be resolved separately and will not impact the removal of the French Drain.
